

Proceedings of the Indian National Science Academy

Vol. 45, Part B, No. 2

April 1979

C O N T E N T S

| | <i>Page</i> |
|--|-------------|
| Sisir Kumar Mitra Memorial Lecture, 1978—The Malaria Problem: The Mosquito Factor T Ramachandra Rao, FNA | 79 |
| Sunder Lal Hora Medal Lecture, 1978—Growth Hormone and Immune Responses G P Talwar, FNA | 97 |
| Evolution and Systematic Significance of Wing Micro-sculpturing in Termites (Isoptera) — V. Families Mastotermitidae, Termopsidae, Hodotermitidae and Stylotermitidae M L Roonwal, FNA, S C Verma and M L Thakur | 115 |
| On the Burying Behaviour of the Tropical Loach <i>Lepidocephalus thermalis</i> (Cuv. & Val.) S D Rita Kumari, N Balakrishnan Nair, FNA and N K Balasubramanian | 129 |
| Morphological Responses of Wheat Plants to Nitrogen dioxide Exposures B J Prasad and D N Rao | 142 |
| Seed-borne Fungi—II. Three New Records and a New Species of <i>Curvularia</i> Madan Mohan and K G Mukerjee | 147 |
| The Effect of Microbial Culture Filtrates on the Growth Behaviour of Different Strains of Rhizobia S N Shukla and R S Dwivedi | 150 |
| Microbial Decomposition of Leaf Litter of <i>Terminalia</i> in a Tropical Forest Biome: Biochemical Changes during Decomposition V P Singh and R S Dwivedi | 154 |
| Rhizobium-induced Chlorosis in Soybean—I. Effect of Population Density of the Inoculants M C Kabi and P N Bhaduri, FNA | 163 |
| Embryology and Systematic Position of <i>Ophiopogon intermedius</i> P R Mohana Rao and Ajeet Kaur | 175 |
| Effect of Leaf Exudates of Two Barley Cultivars on the Conidial Germination of <i>Alternaria alternata</i> (Fr.) Keiseler R B Dixit and J S Gupta | 188 |
| Effect of Different Carbon Compounds on the Growth and Sporulation of <i>Alternaria alternata</i> (Fr.) Keiseler, Causing Leaf Blight of Sunflower Y K Gupta, M N Gupta and A K Seth | 190 |
| Etiology of the White-tip Nematode Disease in Rice Y Seshagiri Rao and Jagadiswari Rao | 193 |
