

Proceedings of the Indian National Science Academy

Vol. 45, Part B, No. 3

June 1979

CONTENTS

	<i>Page</i>
<i>Immunology</i>	
Bires Chandra Guha Memorial Lecture—1978: Interphase of Cancer and Malnutrition M G Deo, FNA	199
<i>Developmental Biology</i>	
Control by Estrogen of Reversible Gene Expression: The Vitellogenin Model J R Tata, FNA	211
<i>Biochemistry</i>	
Diaminopimelic Acid Synthesis by Resting Cells of <i>Escherichia coli</i> ATCC 13002: A Double Auxotroph of Lysine and Histidine A K Goel and A N Hall	226
<i>Cell Biology</i>	
Fine Structure of Dissociated Sponge Cells Sreedharan Kartha and Sivatosh Mookerjee	231
<i>Agricultural Statistics</i>	
On the Statistical Properties of the Conditional Equilibrium Distribution under Steady Flux of Mutations Prem Narain, FNA	239
<i>Agriculture Physics</i>	
X-ray Diffractometric Technique for Screening High-Temperature Resistant Wheat Varieties B C Panda, Shantha Nagarajan, K K Nagpal and D K Suri	247
<i>Microbiology</i>	
Effect of Inder on Soil Microflora and their Nitrification and Ammonification Activities A P Sinha and A Singh	255
Persistence of Aretan in Soil and its Effect on Soil Bio-ecosystems and their Related Biochemical Activity A P Sinha, V P Agnihotri and Kishan Singh	261
<i>Phytopathology</i>	
Survival of <i>Rhizoctonia solani</i> Kuhn under the Influence of Staling Growth Products of some Aspergilli and its Growth Response to some Phenolic Substances A N Shukla and R S Dwivedi	269
