

Proceedings of the Indian National Science Academy

Vol. 45, Part B, No. 6

December 1979

CONTENTS

	<i>Page</i>
Palaeontology	
<i>Loxococoncha singhi</i> (Ostracoda)—A New Eocene Species from India S N Bhatta	539
Fishery Biology	
Maturity and Spawning in the Murrel, <i>Channa punctata</i> (Bloch 1973) (Pisces, Teleostei, Channidae) from Guntur, Andhra Pradesh P Balasundar Reddy	543
Biochemistry	
Protein Polymorphism in <i>Drosophila melanogaster</i> A P Jha, B N Pandey & D N Mishra	554
Hydrobiology	
Diurnal and Seasonal Variations of Tropical Infralittoral Heliozooplankton P Sitaramaiah	557
Preliminary Observations on the Limnology of Three Freshwater Lakes around Delhi State, India K M M Dakshini & S K Gupta	564
Plant Morphology	
Organogenesis of Flower in <i>Nicotiana rustica</i> L. (Solanaceae) V Singh & D K Jain	571
Plant Anatomy	
Studies on the Developmental Anatomy of Ranales. VI. Histochemical Studies of the Shoot Apex of <i>Delphinium ajacis</i> (Linn.) during Transition to Flowering K Y Kavathekar & A Pillai	577

(Continued on inside back cover)

Contents (Continued from outside back cover)

Analytical Study of Leaf Surface Wax of Two Barley Cultivars R B Dixit & J S Gupta	586
Systematic Botany	
Studies in Lamiaceae. III : The Taxonomic Value of Leaf Architecture in <i>Salvia</i> L. M L Gupta & S Bhambie	589
Plant Embryology	
Asynchronous Division in Embryo and Endosperm in Liliaceae G E Gyaladze	596
Embryo Culture as a Method of Securing Viable Mutants in <i>Vigna</i> <i>sinensis</i> var. black and <i>V. radiata</i> (B-105) after EMS Treatment Parthadeb Ghosh, G C Mitra & A K Sharma, FNA	605
Seed Germination Studies on <i>Parthenium hysterophorus</i> Linn. A S Ahlawat, J C Dagar & V P Singh	613
Mycology and Plant Pathology	
Epidemiology of <i>Macrophomina</i> Stem and Root Rot of <i>Brassica juncea</i> (L.) Czern & Coss. in Northern India S K Srivastava & Shashi Dhawan (Miss)	617
Comparison of Epiphyllous Microfungi on two Cultivars of Soybean R P Singh & K R Sharma	623
Role of Trace Elements on the Growth and Sporulation of <i>Alternaria</i> <i>chartarum</i> and <i>A. solani</i> Mira Madan & K S Thind, FNA	628
Non-host Crops—Their Effect on <i>Fusarium oxysporum</i> f. sp. <i>carthami</i> , the Incitant of Safflower Wilt D K Chakrabarti	633
Field Fungi Associated with the Seeds of <i>Vigna radiata</i> (L.) Wilczek var. <i>radiata</i> ; <i>V. mungo</i> (L.) Hepper and Their Persistence during Storage R M Saxena & J S Gupta	636
Microbiology	
Influence of Trace-Elements on Growth of Rhizobia and on Nodulation in <i>Trifolium alexandrinum</i> L. S N Shukla & R S Dwivedi	639
Utilization of Different Carbohydrates by <i>Cylindrocladium scoparium</i> Morgan Jamaluddin	643
Microbial Ecology	
Root Decomposition R R Mishra	648
