

Indian Journal of Pure & Applied Mathematics

Volume 50 • Number 2 • June 2019

CONTENTS

On some equalities and inequalities for k -frames <i>by Fahimeh Arabyani Neyshaburi, Ghadir Mohajeri Minaei and Ehsan Anjidani</i>	... 297
Integral basis of pure prime degree number fields <i>by Anuj Jakhar and Neeraj Sangwan</i>	... 309
Inequalities concerning rational functions with prescribed poles <i>by Abdullah Mir</i>	... 315
More variants of Erdős-selfridge superelliptic curves and their rational points <i>by N. Saradha</i>	... 333
Integral points on the elliptic curve $E_{pq} : y^2 = x^3 + (pq - 12)x - 2(pq - 8)$ <i>by Teng Cheng, Qingzhong Ji and Hourong Qin</i>	... 343
Normal completions of block partial matrices <i>by Chao Ma</i>	... 353
Comment on “identities and congruences for the general partition and Ramanujan's tau functions” <i>by Qing Zou</i>	... 365
Some family of Diophantine pairs with Fibonacci numbers <i>by Jinseo Park and June Bok Lee</i>	... 367
Dynamics of the nonlinear rational difference equation $x_{n+1} = \frac{Ax_{n-\alpha}x_{n-\beta} + Bx_{n-\gamma}}{Cx_{n-\alpha}x_{n-\beta} + Dx_{n-\gamma}}$ <i>by Abdualrazaq Sanbo, E. M. Elsayed and Faris Alzahrani</i>	... 385
Twisted conjugacy and quasi-isometric rigidity of irreducible lattices in semisimple lie groups <i>by T. Mubeena and P. Sankaran</i>	... 403
Symmetric biderivations on Banach algebras <i>by Choonkil Park</i>	... 413
Dynamical analysis of a complex logistic-type map <i>by A. M. A. El-Sayed and S. M. Salman</i>	... 427

Constructing uniform central graphs and embedding into them by Sandi Klavžar, Kishori P. Narayankar and S. B. Lokesh	... 451
On the genus of the k -annihilating-ideal hypergraph of commutative rings by K. Selvakumar and V. Ramanathan	... 461
Distance hereditary graphs G of connectivity two or three and $diam(G) = diam(\overline{G}) = 3$ are reconstructible by P. Devi Priya and S. Monikandan	... 477
Classification of the pentavalent symmetric graphs of order $18p$ by Mehdi Alaeiyan and Masoumeh Akbarizadeh	... 485
On sums of range symmetric matrices with reference to indefinite inner product by D. Krishnaswamy and A. Narayanasamy	... 499
The existence of weak solutions for a nonlocal Cahn-Hilliard equation with degenerate mobility by Zhenbang Li	... 511
Constructions of r -identifying codes and $(r, < l)$ -identifying codes by R. Dhanalakshmi and C. Durairajan	... 531
Holomorphic aspects of moduli of representations of quivers by Pradeep Das, S. Manikandan and N. Raghavendra	... 549
