

PROCEEDINGS
OF THE
NATIONAL INSTITUTE OF SCIENCES OF INDIA

APRIL—JUNE, 1947

No. 4]	VOL. XIII	[Pp. 141-200
--------	-----------	--------------

CONTENTS

	<i>Page</i>
Studies on Physico-Chemical Properties of Phthalocyanines. Determination of Molecular Weights of Free Phthalocyanine and some of its Metallic Derivatives. By M. V. SIRUR, M. S. MUTHANNA, S. K. BHATTACHARYYA and SIR J. C. GHOSH	141
On Stationary Line-Elements. By K. R. KARMARKAR	151
On the Summability of the Conjugate Series of a Fourier Series by Logarithmic Means. By M. L. MISRA	157
Modular Equations as Solutions of Algebraic Differential Equations of the Sixth Order. By S. CHOWLA	169
On Series of the Lambert Type which assume irrational Values for Rational Values of the Argument. By S. CHOWLA	171
On the Sign of the Gaussian Sum. By R. P. BAMBAH and S. CHOWLA	175
On an unsuspected Real Zero of Epstein's Zeta Function. By S. CHOWLA	177
On the Helium Content of Stars of Large Masses. By U. R. BURMAN	179
On the Self-Energy of the Electrons. By R. C. MAJUMDAR and S. N. GUPTA	187
On the Class-Number of the Corpus $P(\sqrt{-k})$. By S. CHOWLA	197
