THE INDIAN NATIONAL SCIENCE ACADEMY

No. 4

1978

Vol. 44

CONTENTS

	Page
Soils of Rajasthan Desert and Their Characteristics <i>by</i> B. B. ROY, R. P. DHIR <i>and</i> A. S. KOLARKAR	161
Land-Use and Land-Use Changes in Rajasthan <i>by</i> AMAL KUMAR SEN <i>and</i> K. N. GUPTA	168
Genesis of Some Arid Soils of Rajasthan and Their Potentialities for Use <i>by</i> S. V. GOVINDA RAJAN	176
Soil Improvement in Relation to Dryland Agriculture in Western Rajasthan I. ON INCREASING THE MOISTURE STORAGE IN SANDY DESERT SOILS <i>by</i> H. P. SINGH	187
Planning for Groundwater Resources in Rajasthan Desert—Some Suggestions <i>by</i> P. C. CHATTERJI <i>and</i> S. PANDEY	191
Evaluation of the Quality of Underground Water in the Desert and Semi-Desert Areas in Rajasthan and Gujarat <i>by</i> S. P. RAYCHAUDHURI	198
Saline Ground Water and its Use for Irrigation <i>by</i> J. S. P. Yadav	205
Use of Saline Ground Water For Irrigated Soils in Western Rajasthan <i>by</i> I. C. GUPTA <i>and</i> C. T. ABICHANDANI	213
An Approximate Assessment of Exploitable Ground Water Potential of Rajasthan <i>by</i> K. DASGUPTA, V. B. KHILNANI <i>and</i> U. M. BHANDARI	218
Estimation of Ground Water Recharge from Precipitation in Rajasthan <i>by</i> V. B. KHILNANI	228
